On static display will be George Maiorana's Russian Tu-95 MS "Bear" which took 1st place in Designer Scale at Toledo in 2008. Come out and get a close up look at it and chat with George. The Bear will be returning from competing at Top Gun in May of this year. Video of the Bear can be found at:

<http://www.nasascale.org/projects/georgem/tu-95-2.htm>

The model is electric powered with a WS of 108 inches and is flown with contra-rotating gearboxes turning 4 blade 12x10s in front / 12x12s in rear. The model uses epoxy/glass construction and is covered with Flite-Metal. AUW is 32.2 lbs.

There will be 1st, 2nd and CD's choice Plaques & Prizes.

1st and 2nd place will be voted on by the pilots.
