“Hoover’s Gotcha Covered”

I finished a .28 sized sport model and plan on doing a covering demo. Customers had voiced an interest in the use of iron on film seminar so come on in watch me wrap this girl in Mylar.

Week #1

15 minutes explanation of pink foam hatch, .5 oz cloth water based Urethane, Klass Kote epoxy paint.

Basics of covering tools and equipment. Surface preparation.

Covering the wing.

**Come on out,
we got you covered!**

Week #2

Fuselage covering and hinging the surfaces with Slot cutter. CA hinges

2 Week Seminar

Saturday, April 11th
and
Saturday, April 18th
