Selfridge Museum Visit

Ground School

- Date: **Tuesday, June 23, 2009**
- Times: Meet at 6:30 pm for 7:00 prompt start
- Location: Selfridge North visitor reception parking (before the security check-point)
- Directions:: I94 to M59 (also know as Ross hwy, Hall road, or 20 Mile) east to Jefferson. South at Jefferson and almost immediately right into North reception parking area.
- Who: RCCD Members and guests
- Cost: **\$4 per person**

Once at the parking area, please share vehicles to have the minimum number entering the base. Do this by 7:00 pm.

Drivers MUST HAVE:

- Drivers License
- Vehicle registration
- CURRENT proof of insurance.

Confirm that you have them so you are not fumbling at the check point. You must have these or access WILL BE denied.

Trust me – I know!!!

RCCD members, Darryll Rohrbeck and Sam Blaga are on a team that constructed a full-size replica of a SPAD for the Selfridge Museum. For one of our Ground Schools last year, Darryll arranged for us to visit the Selfridge Museum to take a look at the progress on the construction of a SPAD. The SPAD is now complete. On Tuesday, June 23rd we are invited to return to the Selfridge Museum to take a look at the completed aircraft, as well as the other exhibits on display there. By starting early and holding it when the days are long, we will have time to look at the planes on display outside too.

Because the museum is inside a military base, advanced sign-up for this Ground School is required for security reasons. If you entered your name on the sign-up sheet at the last two meetings, just show up on Tuesday. If not, and you would like to attend, send an e-mail to webmaster@rccd.org by Thursday June 18th.

Please give your full first and last names.
